

# Terra e Turismo

*Touch the Land, Live Tourism*

*Love Sicily and more*

*We can make happy only 80 people day by day*

**Taormina | Castelmola | Catania | Morge**

**Terra e Turismo** is a company founded in 2006 with a clear idea: *offer unique and unforgettable experiences to travelers who want to discover Sicily.*

Each of our facilities tells the stories of our Earth, the wine perfumes and aromatic plants, **the legend of King Arthur in the Sicilian Borgo of Castelmola, the Sicilian Baroque of historic Catania with Francalanza family and the story of the Viceroy.**

Our strong point is to enhance the holidays of our guests offering them the possibility to organize a tour in different cities, staying in different places, reviving the history of our Earth.
